The Class of 2019  
presents the members of the

The Penn High School Alumni Association congratulates the Class of 2019!

The next few years will be an exciting time for you. Whether you are off to college, starting a new job or headed on an adventure, stay in touch through the Alumni Association.

As we continue to grow, our organization will strive to increase the offerings of the Alumni Association that will help strengthen the impact we have on our school and allow us to become a strong resource for all Penn students, alumni, and staff. We hope to inspire commitment to the school, inspire loyalty, and promote involvement with the Alumni Association in a meaningful way through:

- Cultivation of students to ensure participation in the Alumni Association following graduation.
- Providing opportunities for the assembly of Association members for the fostering of camaraderie among alumni.
- Creation of a database of all alumni members with viable contact information.
- Create a vehicle to generate revenue for the purpose of supporting special recognitions, scholarships, and classroom initiatives at Penn.
- Acknowledge and recognize outstanding, successful, and distinguished Penn graduates including staff members.

We hope you will continue your support through gifting programs. Through your generous support, two Penn High School seniors received scholarships this year. Your gifts have the power to create opportunities for Penn graduates.

## SIXTIETH GRADUATING CLASS

## COMMENCEMENT

SEVEN O'CLOCK, FRIDAY EVENING, JUNE 7, 2019  
PURCELL PAVILION, UNIVERSITY OF NOTRE DAME

## **THE PENN-HARRIS-MADISON SCHOOL CORPORATION**

### **THE COMMENCEMENT TRADITIONS**

For hundreds of years, the service which signals the end of a student's formal training has been heralded as a significant one which holds meaning and promise for that student who has successfully completed a prescribed course of study. Even the guilds of the Middle Ages in Europe held a "Commencement" in which apprentices were declared officially trained. It is a time of serious reflection and consideration of a student's educational achievements. While it is a time of quiet celebration, it should not be one of distracting or unusual behavior, especially in the ceremony itself.

It is our intent to make this service as meaningful as possible. The academic processional of those who have figured in our education is a symbol of those teachers who have tried to bring knowledge to you so that you, too, may build a better life. The "turning of your cap" (tassel) dates back to the middle ages when students who had passed through the Baccalaureate wore their caps backward to indicate they had done so. The graduate processional is a presentation to the world that here are students who are about to enter into the world as trained scholars and workers.

It is our hope that these traditions will remain and hold the same importance that they have always held. It is a significant event in the lives of all students and should be a time of great pride and serious reflection of the past twelve years.

The audience is asked to refrain from standing or leaving the area during the ceremonies. We ask also that cheering, whistling and other demonstrative behavior be omitted in order not to intrude upon the solemnity of this occasion. Please do not stand or leave until after the graduating seniors have left. Your cooperation is greatly appreciated.

### **The History of Academic Attire**

Academic costume of today has a history of nearly eight centuries. In medieval Europe all townspeople - men and women - wore long flowing robes and gowns. The materials and colors varied according to the wealth and rank of the individual and were governed by royal decree. Gradually, there developed distinctive gowns for the various professions, trades, and guilds.

Students in the medieval universities of Paris, Bologna, Oxford, and Cambridge organized themselves into guilds. Their usual garb, a long gown, was necessary for warmth in the unheated buildings. Scholars, generally members of church orders, wore these robes and also hoods to protect their shaved heads. Later, skull caps were worn on the head and the hood became a cape which could be pulled over the head in unpleasant weather. As additional universities were founded, distinctive forms of their gown and hood were adapted by their faculties for bachelors (apprentices of arts), masters (teachers), and doctors (teachers who had completed postgraduate studies). The variations, mostly in the hood, were regulated by strict rules. Tailors who departed from the authorized design could be punished. When caps and hats came into fashion in the fifteenth century, the hoods became ornamental, draped over the shoulders and down the back.

The academic hat was adapted from the headdress of the ordinary people. It was first worn as a symbol of the master's degree and existed in various forms. Some caps were stiff, some soft, some square, some round with a tuft in the center. The tassel of today is an elaboration of the tuft. The mortar board style comes to us from Oxford University.

When academic costume came to America in 1754, styles were quite varied. In Europe, they still are; however, in our country, usage has been standardized by the Intercollegiate Code of Academic Costume.
