

A Member of Trinity Health

January 2019

Our school health services program strives to keep your students safe and healthy at school. If you have any questions or concerns, please do not hesitate to call the school and speak to a school health services colleague.

Please call and speak to your school health office if your child has a health problem requiring:

- medication, or
- individualized health care plan.

The health aide can put you in touch with your appropriate school nurse.

Now is not too early to begin thinking about the upcoming school year!

We look forward to seeing your student in August 2019!

Sincerely,

School Health Services Staff
