

IMPORTANT INFORMATION FROM THE HEALTH OFFICE

To: Parent/Guardian of 8th grade students

Please note: New state required immunizations for 2020-2021 school year

These state mandated immunization requirements must be met before August 19th, 2020, which is the first day of school.

- **2 Hep A (a series of two vaccines separated by 6 months)**

We suggest you make appointments *now* to get the needed immunizations before next school year. The local health departments and area physicians are extremely busy in the spring and summer, as well as at the beginning of the school year.

If your child has already received one or both doses, please send in documentation to the school health office.

*Note: Hepatitis A- the minimum interval between 1st and 2nd dose is 6 calendar months. 2 doses are required for all grades pre-K-12. This is a new state requirement for 2020-2021.

Thank you for working with us to keep your children healthy! If you have any questions, please don't hesitate to contact your school's Health Office.
