

Learning, Laughter, Fun

Camp Evergreen will be a Saturday camp this year for youth and teens in early summer and a Saturday family workshop for youth and parents/guardians in the fall. It is for those that have experienced the death of a significant person in their life. It is provided free of charge as a service to our community.

Camp Evergreen assists the campers in realizing that many other youth and teens have experienced death. It also educates them on the grief process and positive ways to cope. Along with opportunities for healing and for sharing about their significant person, the teens and youth have a fun-filled experience. The family workshop includes a parent/guardian in the camper's life and provides education and support for them in addition to joint activities with their camper.

The camp is run by Center for Hospice Care bereavement counselors and adult trained volunteers, some who serve as buddies. Each youth camper has an adult buddy who is paired with them for the day. A small group of teens share an adult buddy. Activity volunteers are also trained and they support the camp activities as needed.

We will be following all CDC guidelines in effect at the time of camp including guidelines regarding mask wearing and physical distancing. All photos showing individuals without masks are from our 2019 camp.
